Thanks Bessie, Probably Mike had the compliance plans in the file, I am working at home and saw the HAMP PER with the reference to the compliance plans (I don't recall seeing them in the files he gave me, but I am at home, so can check tomorrow).

Did not mean to give you additional work!

Janet,

I am almost ready to send out my two e-mails about the reclassification of the Hopi Cultural Center (lots of attachments, which cannot fit into one e-mail). I went through all my e-mails in Lotus Notes and Outlook from 2012 to present. I am presently waiting for the system's primary file, which is being retrieved from the Records Center. I was told I will get the file this afternoon. Once I get a chance to look through the primary file, I will send out my reclassification e-mails. Hopefully, the reclassification e-mails will be sent out before the end of this week.

As to the signed Compliance Plans, I will resend them (they have been sent previously to Enforcement and ORC). They are attached to this e-mail. There are signed Arsenic Compliance Plans for the Polacca, Shungopavi, and Sipaulovi (Lower Sipaulovi/Lower Mishongnovi) water systems. They were signed by Alexis Strauss from the USEPA, Region 9 side, and by the villages from the tribal side.

Hope this helps.

Bessie, I think you were going to send me the information you had on your determination about the Hopi Cultural Center (as a PWS)?

Also, I was reviewing the HAMP PER, and I noticed that there were EPA compliance plans worked out in 2011 with Hopi for some of the tribes (FMCV, Shungopavi, sipaulovi). Who signed those agreements for the Tribe and do you have those?
